

## SUBJECT INDEX

### VOLUME 79, 1998

**Note: In this subject index the designation "S" indicates the work was published in the March supplement. Entries referring to the Annual Meeting abstracts published in the September and October issues are identified with the notation (ab) before the page number.**

#### A

- Abdominal muscles, recruitment of, in respiration, in myotonic muscular dystrophy, (ab) 1158
- Abdominal surgery, pulmonary rehabilitation in, postoperative, 5
- Abductor digiti minimi pedis muscles, electrophysiologic mapping of, 823
- Abductor digiti quinti muscles, nerve conduction studies of, in ulnar neuropathy, 87
- Abductor pollicis brevis muscle, electromyography of, in carpal tunnel syndrome, predictive value of, 306
- ABILHAND manual ability measure, 1038
- Absolute reflex threshold angle, of stretch reflex, in spasticity, (ab) 1340
- Academy (American Academy of Physical Medicine and Rehabilitation)

  - Bach, J.R., research award, 117
  - Bartels, M.N., research award, 117
  - Betts, H.B., Distinguished Member Award, 1485

- Brain Injury Special Interest Group, posttraumatic seizure practice parameter, 594
- committees, 359
- Dahan, T.H.M., research award, 117
- de Lateur, B.J., Distinguished Clinician Award, 1484
- DeLisa, J.A., Zeiter Lecture, 1485
- diplomates of, 1143
- Distinguished Clinician Award, 1484
- Distinguished Member Award, 1485
- Distinguished Public Service Award, 1485
- Dreyer, S.J., Richard and Linda Rosenthal Foundation Lecture, 1485
- Gorton, S., Distinguished Public Service Award, 1485
- Granger, C.V., Zeiter lecture, 235
- Kraft, G.H., Distinguished Clinician Award, 1484
- Krivickas, L.S., research award, 117
- Krusen award, 1484
- Lipson, M.J., Distinguished Public Service Award, 1485
- MacLean, I.C., Krusen award, 1484
- Physical Medicine and Rehabilitation Education and Research Fund, awards of, 117, 358
- Practice Guidelines Committee, 118
- presidential address, 2
- presidential election, 117
- Reinstein, L., Distinguished Clinician Award, 1484
- Richard and Linda Rosenthal Foundation Lecture, 1485
- Smith, B., presidential election, 117
- Swenson, J.R., presidential address, 2
- Web site of, 117, 358, 879, 1485
- Werner, R., research award, 117
- Zeiter Lecture, 235, 1485
- Accelerometry

  - trunk, reliability of, in standing and walking, 1377
  - in upper extremity movement assessment, (ab) 1334

- Accidents, motor vehicle. *See* Motor vehicle accidents
- Acquired immunodeficiency syndrome. *See* Human immunodeficiency virus infection
- Activities of daily living

  - in amputation rehabilitation, in nursing homes, (ab) 1162
  - in brain injury, environmental factors in, 418
  - in hemicolectomy, 464
  - in hip fracture rehabilitation, in nursing homes, (ab) 1323
  - motor, classification of, artificial neural networks in, 147
  - in spinal cord injury, chronic pain effects on, 604
  - virtual reality simulation of, in brain injury, 888

- in visual impairment, (ab) 1341
- Activity, physical. *See* Exercise; Physical activity
- Acupoint massage, in asthma, (ab) 1341
- Acupuncture

  - in disability, 1440
  - functional benefits of, (ab) 1173
  - in outpatient rehabilitation, 1003
  - in pain, S-65
  - in postconcussion headache, (ab) 1154
  - in stroke, somatosensory evoked potentials in, (ab) 1148

- Adaptive functioning, in traumatic brain injury, in pediatric patients, 893
- Adolescents

  - diabetes mellitus in, aerobic circuit exercise training in, 652
  - multiple sclerosis in, (ab) 1340

- Aerobic circuit exercise training, in diabetes mellitus, 652
- Aerobic fitness, in nonradicular back pain, (ab) 1174
- Age. *See also* Elderly persons; Pediatric patients

  - brain injury outcome and, (ab) 1330
  - versus gait initiation mechanisms, 1582
  - versus heel pad mechanical properties, 1101
  - isometric Sorensen back endurance test and, 1069
  - postural changes with, in tetraplegia, 1577
  - rehabilitation staff perceptions of, 1277
  - versus service utilization, in brain injury, (ab) 1329
  - stroke outcome and, 1255

- AIDS. *See* Human immunodeficiency virus infection
- Air-bag injuries, in pediatric patients, (ab) 1178
- Airway, resistance in, in traumatic brain injury, 545
- Alcohol use

  - after spinal cord injury
  - changes in, 1110
  - injury risk and, (ab) 1322
  - violent versus nonviolent, (ab) 1187

- traumatic brain injury and, (ab) 1329, S-21
- Alometry, in pain assessment, S-54
- Alien hand syndrome, orthosis for, 113
- Alkaline phosphatase, in intracranial hemorrhage, 766
- Allodynia, transcutaneous electrical nerve stimulation in, animal studies, 1370
- Alprostadil, in sexual dysfunction, in spinal cord injury, (ab) 1184
- Alternative therapy

  - for brain tumors, S-37
  - for disability, 1440
  - for outpatient rehabilitation, 1003
  - for pain, S-65

- Alzheimer's disease, after brain injury, (ab) 1147, S-3
- Amantadine, in brain injury

  - chronic, (ab) 1155
  - in pediatric patients, (ab) 1176

- Ambulation. *See* Gait; Walking
- American Spinal Cord Injury Association, scoring system of, in functional outcome assessment, 81
- Ammonia, elevated, in brain injury, (ab) 1155
- Amputation

  - below elbow, from dog bite, (ab) 1179
  - below-knee

    - pain management in, S-74
    - prosthetic for, mass and mass distribution effect of, 162
    - residual limb shape changes in, 772
    - total surface bearing prosthesis for, 783

  - hemicolectomy, 464
  - hip disarticulation, prosthesis for, 585

## SUBJECT INDEX

### VOLUME 79, 1998

**Note: In this subject index the designation "S" indicates the work was published in the March supplement. Entries referring to the Annual Meeting abstracts published in the September and October issues are identified with the notation (ab) before the page number.**

#### A

  - below elbow, from dog bite, (ab) 1179
  - below-knee

    - pain management in, S-74
    - prosthetic for, mass and mass distribution effect of, 162
    - residual limb shape changes in, 772
    - total surface bearing prosthesis for, 783

  - hemicolectomy, 464
  - hip disarticulation, prosthesis for, 585

- in limb dystonia, 589  
 lower extremity  
     contralateral hip arthroplasty in, (ab) 1182  
     deep venous thrombosis after, (ab) 1181  
     gait analysis in, (ab) 1335  
     pain after, (ab) 1172  
     prosthesis evaluation in, 931  
 outcome measure for, in pediatric patients, 405  
 in peripheral vascular disease, cardiovascular disease in, 205  
 phantom pain and sensation in, in pediatric patients, (ab) 1175  
 prosthesis in. *See Prostheses*  
 quadruple limbs, from cardiopressors, (ab) 1170  
 rehabilitation in  
     epidemiologic study of, 279  
     in Mozambique, (ab) 1161  
     in nursing homes, (ab) 1162  
 spiritual health assessment in, (ab) 1343  
 thumb and index finger, wrist-driven prehension prosthesis for, 877  
 traumatic  
     neurogenic residual pain in, capsaicin in, 591  
     prosthetic device satisfaction after, (ab) 1160  
**Amyotrophic lateral sclerosis**  
 ambulation in, muscle forces in, 950  
 brain-computer interfaces in, 950  
 quality of life in, 855  
**Analgesia**  
 in neurogenic residual pain, after traumatic amputation, 591  
 in pain management, implantable pump in, S-65  
**Anesthesia**  
 local, in pain, S-65  
 neuraxial, flashback and nightmares after, 579  
**Aneurysms**  
 cerebral, rehabilitation in, S-16  
 Terson syndrome in, (ab) 1189  
**Angiography**, in amputees, with peripheral vascular disease, 205  
**Angiotensin-converting enzyme inhibitors**, in coronary artery disease, 1006  
**Animal studies**  
 autonomic dysreflexia, 402  
 biceps brachii H-reflex responses, (ab) 1332  
 electrical stimulation of denervated muscle, (ab) 1165  
 inactivity and intermittent weight-bearing muscle fiber effects, 658  
 long-impulse electrical stimulation, (ab) 1148  
 myofascial trigger spots, 790  
 sacral nerves functional magnetic stimulation, (ab) 1152  
 skin response to repetitive mechanical stress, 265  
 spinal cord leukocytes, (ab) 1152  
 topical morphine, 1034  
 transcutaneous electrical nerve stimulation in allodynia, 1370  
 trigger points, 863  
 vascular network in muscle, 31  
**Ankle**  
 dystonia of, treatment of, 589  
 function of, electromyographic biofeedback of, in stroke therapy, 134  
 instability of, ankle orthosis effects on, 939  
 sprains of, laser therapy for, 1415  
 taping of, with botulinum toxin, in spastic equinovarus foot, in stroke, 532  
 weakness of, in elderly persons, gait alterations in, 317  
**Ankle-foot orthosis**  
 deep vein thrombosis from, 576  
 fixed, in spastic diplegia, gait assessment in, 126  
**Ankylosing spondylitis**, spinal fractures in, (ab) 1153  
 cervical, (ab) 1169  
**Anodal block**, in F-wave studies, 1059  
**Antebrachial cutaneous nerve**, lateral, nerve conduction studies of, reference values for, (ab) 1165  
**Anterior cord syndrome**, 1456  
**Anterior interosseous nerve syndrome**, after bowling, (ab) 1164  
**Anticoagulants**  
 in coronary artery disease, 1006  
 in deep venous thrombosis prevention, in herpes simplex virus encephalitis, complications of, (ab) 1155  
**Antidepressants**, in depression, in traumatic brain injury, 90  
**Antiepileptic drugs**  
 in brain injury, S-10  
 in posttraumatic seizures, 594  
**Antihistamines**, exercise response to, 827  
**Antioxidants**, in coronary artery disease, 1006  
**Anxiety**  
 in burns, pain levels and, (ab) 1334  
 in spinal cord injury, reduction of, 375  
 Waddell signs and, 820  
**Aortic valve replacement**, spinal accessory nerve and brachial plexopathy after, (ab) 1165  
**Aphasia**, in brain injury, treatment of, S-10  
**Apolipoprotein E4 allele**, after brain injury, Alzheimer's disease and, (ab) 1147  
**Appendicitis**, driving record after, versus traumatic brain injury, 738  
**Arachnoid cyst**, intraspinal, symptomatic during recumbency, (ab) 1185  
**Arm**  
 electrophysiologic studies of, in carpal tunnel syndrome, 181  
 elevation of, scapular upward rotation assessment in, (ab) 1335  
 functional recovery of, after traumatic brain injury, 488  
 neuromuscular stimulation of, in stroke, 570  
 rolling of, evaluation of, in brain injury, Interrater reliability of, 811  
 traumatic amputation in, analgesia in, 591  
**Arm ergometry**, in cardiorespiratory endurance measurement, in cerebral palsy, 991  
**Arousal**, disorders of, in brain injury, S-10  
**Arteriovenous malformations**, repair of, deep venous thrombosis after, (ab) 1174  
**Arthropathy**, hemochromatosis, (ab) 1153  
**Arthroplasty**  
 hip  
     activity after, outcome of, (ab) 1160  
     in contralateral leg of amputee, (ab) 1182  
     function after, versus knee arthroplasty, (ab) 1331  
     outcome of, activity impact on, (ab) 1150  
     RIC Arthritis Center Activity Scale in, (ab) 1169  
     with simultaneous knee replacement, rehabilitation in, (ab) 1168  
 knee  
     function after, versus hip arthroplasty, (ab) 1331  
     perioperative function in, (ab) 1323  
**Artificial neural networks**, in daily life motor activity classification, 147  
**Ashworth measurements**  
 of baclofen efficacy, (ab) 1147  
 versus electromyography, in tetraplegia, 959  
**Aspartate aminotransferase**, in intracranial hemorrhage, 766  
**Aspiration**, in stroke, acute, 14  
**Assessment of Life Habits**, in environmental evaluation, (ab) 1331  
**Assessment of Quality of Life**, in pain assessment, S-54  
**Assisted reproduction techniques**, in spinal cord injury, intracytoplasmic sperm injection, 218  
**Asthma**  
 massage in, acupoint and meridian, (ab) 1341  
 rehabilitation in, physical training in, 539  
**Ataxia**  
 cerebellar, paraneoplastic, (ab) 1156  
 in Whipple's disease, (ab) 1187  
**Atelectasis**, prevention of, in abdominal surgery, pulmonary rehabilitation in, 5  
**Atherosclerosis**  
 in tetraplegia, 1129  
 treatment of, in coronary artery disease, 1006  
**Athletics**. *See Sports medicine*  
**Attention**  
 demands of, in Parkinson's disease, postural stability and, (ab) 1325  
 disorders of, in brain injury, S-10  
**Auditory-evoked neuropathic pain**, in spinal cord injury, gabapentin in, (ab) 1173  
**Auto accidents**. *See Motor vehicle accidents*

- Autonomic dysreflexia  
animal studies, 402  
beta blockers in, 582
- Avascular necrosis  
knee, from corticosteroids, 449  
talus, diagnosis of, (ab) 1171
- Awards. *See under* Academy; Congress
- Awareness, from neuraxial anesthesia, 579
- Axillary hyperhidrosis, treatment of, 350
- Axonal neuropathy  
sensory, (ab) 1180  
superimposed on carpal tunnel syndrome, electrophysiologic studies of, 181
- B**
- Back. *See also* Lumbar spine; Spine  
extensor strengthening exercises for, beneficial effect persistence in, in elderly persons, (ab) 1166  
fatigue of  
electromyography in, gender differences in, 536  
in Sorensen back endurance test, 1069  
function of, perceived, versus fitness test results, 559  
muscles of, functional changes in, in pregnancy, 1210
- Back pain  
alternative therapies for, S-65  
in arachnoid cyst, (ab) 1185  
chronic  
bone mineral density in, (ab) 1171  
exercise-motivation program for, 475  
job satisfaction and, 366  
trunk muscle strength in, (ab) 1171  
in duodenal ulcer, 1137  
exercise in, S-60  
in iliopsoas spasm, (ab) 1170  
LTX 3000<sup>TM</sup> Lumber Rehabilitation System in, applied forces and physiologic responses to, 505  
management of, S-65  
muscle fatigue in, 412, 536  
nonradicular, aerobic fitness in, (ab) 1174  
pain generators in, S-49  
in pregnancy, muscle functional changes in, 1210  
rehabilitation in  
exercise-motivation program for, 475  
job satisfaction and, 366  
in running, from pelvic ring stress fractures, (ab) 1168  
in sacroiliac joint syndrome, diagnosis of, 288  
treatment of, S-49, S-74  
patient satisfaction with, (ab) 1149  
trunk strength testing in, torque curve variability in, 33  
Waddell signs and, 820
- Baclofen  
in dystonic hemiplegia, in brain injury, (ab) 1178  
in spasticity, in brain injury, (ab) 1147, S-10  
in spinal cord injury, sexual function effects of, 494  
withdrawal from, clinical features of, 353
- Balance  
with ankle orthosis, 939  
body support effects on, in visually impaired elderly persons, 994  
as core value, 2  
disorders of, in brain injury, S-10  
energy expenditure in, measurement of, (ab) 1183  
lower extremity strength gain effects on, in frail elderly persons, 24  
testing of, versus perceived health status, 559
- Ballroom dancing, cervical radiculopathy in, 1306
- Barium swallow, interpretation of, radiologists versus speech pathologists, (ab) 1178
- Barthel Index, in traumatic brain injury rehabilitation, 678
- Basilar impression, defects of, in osteogenesis imperfecta, treatment of, 1590
- Batista procedure, rehabilitation in, (ab) 1158
- Beck Depression Inventory  
for caregivers, (ab) 1161
- in chronic myofascial pain, 966
- Becker muscular dystrophy, walking tests in, (ab) 1177
- Behavior  
after brain injury, (ab) 1329  
high-risk, spinal cord injury and, (ab) 1322  
problems with, in Duchenne muscular dystrophy, (ab) 1172  
treatment of, (ab) 1339
- Behavioral therapy  
for depression and anxiety, in spinal cord injury, 375  
for pain, S-83
- Bells Test, for driving ability prediction, after stroke, 743
- Benzyl alcohol formulations, injection of  
for anterior cruciate ligament laxity, (ab) 1149  
for knee osteoarthritis, (ab) 1168
- Beta blockers  
in autonomic dysreflexia, 582  
in coronary artery disease, 1006
- Beta rhythm, in electroencephalography, brain-computer interface based on, in severe motor deficits, 1029
- Biceps brachii muscle  
electromyography of, endplate spikes in, 634  
H-reflex response in, animal studies, (ab) 1332  
inflammation of, exercise-induced, Rebox stimulation in, 1258
- BICRO (Brain Injury Community Rehabilitation Outcome) scales, 1213
- Billing rates, for influenza vaccination, by physiatrists versus other specialties, 599
- Bimanual index movements, in Parkinson's disease, (ab) 1332
- Biofeedback  
in disability, 1440  
electromyographic, of lower extremity function, in stroke, 134
- Biomechanics  
of exercise, (ab) 1338  
of gait, in elderly persons, independent of speed alterations, 317
- Bites, dog, below elbow amputation after, (ab) 1179
- Bladder  
dysfunction of  
in detrusor sphincter dyssynergia, treatment of, 715  
in multiple sclerosis, 255  
fullness of, in hydronephrosis evaluation, in spinal cord injury, 1557  
management of  
intermittent catheterization in, ultrasound device for, 172  
in spinal cord injury, 1206
- neurogenic, in Guillain-Barré syndrome, (ab) 1183
- volume measurement of, with ultrasonography, shape effects on, 1553
- Blindness, guide dogs for, with motorized wheelchair, 216
- Blood flow  
cutaneous, in lumbar unloading, with LTX 3000<sup>TM</sup> Lumber Rehabilitation System, 505  
evaluation of, infrapopliteal oximetry in, (ab) 1146  
muscle, in functional electrical stimulation, 641  
renal, measurement of, in spinal cord injury, (ab) 1150  
stimulation of, transcutaneous electrical nerve stimulation in, in inframalleolar skin lesions, (ab) 1180
- Blood gas analysis  
in pulmonary rehabilitation, in abdominal surgery, 5  
in wheelchair propulsion, forward versus reverse, 36
- Blood pressure, in lumbar unloading, with LTX 3000<sup>TM</sup> Lumber Rehabilitation System, 505
- Bobath facilitation, of sit-to-stand movement, in stroke, (ab) 1345
- Body Glove Airprene Elbow Support, 832
- Body mass, in aerobic circuit exercise training, in diabetes mellitus, 652
- Body mass index, in isometric Sorensen back endurance test, 1069
- Body splint, in hemicorporectomy, 464
- Body support  
in visually impaired elderly persons, balance and, 994  
in walking, in stroke, (ab) 1324
- Bolus aggregation, in oropharynx, gravity effects on, 691, (ab) 1132
- Bone disease, osteogenesis imperfecta  
bracing withdrawal in, 46  
treatment of, 1590

- Bone mineral density, in chronic back pain, (ab) 1171  
 Bone Stiffness Measuring Device, in spinal cord injury, (ab) 1344  
 Borrellosis, Lyme, versus stroke, (ab) 1189  
 Botulinum toxin
  - in axillary hyperhidrosis, 350
  - in brain injury, in spasticity, S-10
  - in cerebral palsy
    - electrophysiologic studies of, (ab) 1177
    - in spasticity, (ab) 1147
  - in cervical myofascial pain, (ab) 1172
  - in detrusor sphincter dyssynergia, 715
  - in focal dystonia
